

Hello,

My name is Brian Hogan, a Connecticut born filmmaker, who just finished my MFA degree in 2019 at Sacred Heart University's graduate film school (FTMA).

The Super Stoned is an extra-curricular project co-written & co-directed with my colleague and producer Tyler Stirling based on a very true story about our group of friends on our way to see a superhero blockbuster. It's high-time this story was told.

I am thankful to everyone who has been a part of making this film into a reality and I am thankful to you for your consideration of this film as part of your festival.

Best Regards,
Brian Hogan
